## August 2013

### We MADE IT!

After four months and hundreds of “miles,” we had over 100 people make the journey across Europe in our recent spring wellness contest. You all look fabulous in your T-shirts! We sure enjoyed the eight themed parties we had over the course of the event, each saluting a different European country, as we journeyed across the map in the wellness center.

Our top point scorers were George Haas, Al Chamberland, Estelle Estes, Dan Brabeck, Barbara Hill, Jane Pyle, Josi Madigan, Francis Mason, Cecile Chamberland, Mary Ann Mason, David Pyle and Mary Clark.

We’d like to congratulate everyone who achieved their goals and certainly thank you for your participation!

Resident Services Staff at the finale!

## Village Vibes

### Housekeeping News!

Tired of where your sofa is? Then call our housekeeping department! We offer "re-arranging" services for furniture. What a great way to freshen up the look of your "space!" Denise can set you up with an appointment, so give her a call at ext. 2110.

### Correction ...

... Grace Ellison completed the books of biographies of FORMER residents, not the book of CURRENT residents.

### Roy Donnelly Returns!

On Thursday, Aug. 8, at 7:30 p.m., we welcome vocalist and guitarist Roy Donnelly back to the Bay Village stage! Originally from Ireland, Roy usually sings Irish folk favorites and others. This time, he is doing a salute to American song writers. He receives wonderful reviews every year, so we continue to invite him to return. Have fun!

### Presidents and First Ladies Return!

An annual highlight at Bay Village is the presentation by "Presidents and Their First Ladies, Dramatically Speaking." Bill and Sue Wills transform themselves into a former President and First Lady, giving real historical insight into what things were like for them during their time in the White House. This year, we will be visited by Jerry and Betty Ford, who were thrust into a very tense situation following the Watergate scandal. Make sure you join us on Thursday, Aug. 22, at 7:30 p.m.

### Taylor Marie's Shopping Event!

On Tuesday, Aug. 20, from noon to 3 p.m. in the auditorium, Taylor Marie Fashions is celebrating their Florida grand opening with a fun, festive shopping event right here at Bay Village. They carry ladies' apparel, jewelry and other accessories. Stop by and shop anytime during the above time frame. We will have an actual fashion show that afternoon at 2 p.m.

### Recognition Luncheon

On Wednesday, Aug. 14, we have a "Years of Service" luncheon planned for the Bay Village staff members who have the most longevity. We will not be serving lunch in the dining room that day, but the sandwich shop will be open.

One of the awards that will be given that day is the "Employee of the Year" award. At press time, that person has not been named, but the previous 12 "Employees of the Month" are those in the running. The prize is \$500 and the "coveted" Employee of the Year parking space.

### Spider-Man Debuts

On Aug. 1, 1962, a new hero joined the ranks of Marvel Comics' superhero pantheon. Peter Parker, an average teenager blessed with brains but not social savvy, was bitten by a radioactive spider, and the world met Spider-Man in Amazing Fantasy #15. Since then, Spider-Man has followed in the footsteps of other popular heroes and starred in cartoons, movies, novels and many other media.

We'll show the blockbuster film "Spiderman" on Aug. 24 at 7:30 p.m.

## Day Trips and Travel

This month, we are headed to two concerts. First, on Aug. 16 at Player's Theater. Tap your toes to the smooth sounds of jazz by two of the world's great jazz pianists, *Dick Hyman and Shelly Berg*. Proceeds from this benefit concert go toward the Jazz Club of Sarasota's scholarship fund. Next, on Aug. 27, enjoy the West Coast Black Theater Troupe's presentation of "*Sammy Tonight,*" featuring the songs and dance of one of America's greatest entertainers, Sammy Davis Jr.

Also, we'll head back to Main Street Lakewood Ranch to see the new film *The Butler*, which is already receiving critical acclaim. You'll be "on your own" before the movie, so you can dine and shop on Main Street.

Then, we're headed to the first show of the new season at *Broadway Palm Dinner Theater* in Ft. Myers. Join us for "*Burt & Me,*" a show that features the music of Burt Bacharach. Details will be in your mailbox about all these trips soon! Hope to see you there!

## Wellness News~

This month, it is our pleasure to welcome **Mrs. Helen Fleder** on Aug. 15 at 2 p.m. to Bay Village to present a seminar about posture. She is a resident of Lakehouse West in Sarasota and the author of a fitness book. She has been active in the fitness industry for over 60 years.

Mrs. Fleder will talk about the critical role of posture when it comes to our energy level, balance, strength of our back and health of our organs. We will do some practical exercises together and there will be a chance to ask questions.

I encourage all residents to come and listen even if you are in a regular exercise program right now or not. Who would want to walk more upright, feel better and strong.

**Dr. Dan Fouts** will present a lecture about Nutrition on Aug. 1.

**Dr. Evguenia Gonzalez**, a foot and ankle specialist, will come on Aug. 26 in the afternoon.

On July 13, "Splash" participants had the beautiful sight of a rainbow in the sky while working out in the pool. What a wonderful experience to share early in the morning!!!

If you are interested in pool exercise classes, but "Splash" is too early for you, Petra is offering an afternoon class every Tuesday at 2 p.m. Call extension #4033 for more information.

## The Village Vibes

### Remember Me?

Dr. Jonas Salk was the medical researcher who gave the world a polio vaccine in 1955. Here are some highlights of his extraordinary career:

- Salk had no interest in making money from the discovery. He declared that the polio vaccine belonged to everyone, and when asked who owned the patent, famously said, "There is no patent. Could you patent the sun?"
- To save time in conducting human trials of the vaccine, Salk volunteered himself and his family as test subjects.
- The scientist continued to conduct medical research throughout his life and tried to develop a vaccine for AIDS.

## Game Day!

Love board games? Then join us on Monday, Aug. 19, for an afternoon of GAMES! We'll have skip-bo, apples to apples, Scattergories, and we're teaching two new games, "Bananagrams" (word game similar to scrabble) and "left, right center," a game you play using special dice. Come down at 2 p.m.! Refreshments will be served!

## "American Moderns"

Join us as we head to Ringling Museum on Monday, Aug. 5, for a private tour of the visiting exhibit, "American Moderns, 1910-1960: From O'Keeffe to Rockwell." This exhibit is part of the collection of the Brooklyn Museum and showcases. Following our tour, we will enjoy lunch at Treviso Italian Restaurant.

### B.I.L.L. Series News

Our current DVD series is from The Teaching Company. "Before 1776: Life in the American Colonies" is taught by Dr. Robert J. Allison, chairperson of the history department at Suffolk University.

Between 1500-1800, the world was transformed. The discovery and colonization of America created the nations of modern Europe and the idea of empire. In bringing together the peoples of Europe, Africa and America—often in conflict—the process of colonization created a New World, which in turn transformed the old. The final class in this series is Tuesday, Sept. 3, at 7:30 p.m.

Coming up this fall from Adult & Community Education is "Generations," a series about how our attitudes develop based on what generation you were born in.

Look for more computer classes on the schedule as well!

Of course, specifics on these classes will be on the flyer you receive in your mailbox once we have everything firmed up.

### Chaplain's Corner

Rev. Dr. Chuck Moffett

The Guinness World Records book states: *"Although it is impossible to obtain exact figures, there is little doubt that the Bible is the world's best-selling and most widely distributed book. A survey by the Bible Society concluded that around 2.5 billion copies were printed between 1815 and 1975, but more recent estimates put the number at more than 5 billion."*

It must be said that *"best selling and most widely distributed"* do not translate into *"most read."* Nor does it mean that those who read it have read more than just some of the familiar or famous passages/chapters. Part of the reason for the lack of readership is the hard work it takes to grasp the history, culture, politics, and faith needed to understand the biblical writings.

Here at Bay Village, we offer weekly Bible Study sessions to help each of us delve into deeper and clearer understandings of the Judeo-Christian faith traditions contained in the Bible. While the sessions are guided by the Bay Village Chaplain, the sessions are times of dialogue in which the participants are invited to share their personal experiences, insights, and faith journeys. A basic conviction is that God's Spirit speaks to, and through, each person, and that we need each other's faith stories to understand the faith story of the Bible.

To help understand the bridge between the Hebrew Old Testament faith community and the Christian New Testament faith community, the focus of the fall study will be the *Gospel of Matthew*. This series will begin on Monday, Sept. 9, and will meet in the Auditorium each Monday morning from 9:30 to 10:30. Every resident of Bay Village is encouraged to join in these studies. This includes people of all faiths and people of various exposure to the Bible. Let us do our part to change *"ownership"* into *"readership."*
