February 2015

MARVELOUS MUSIC!

We have so many wonderfully talented performers for you in February, we've made it "front page news!"

We are elated to report that on Tuesday, Feb. 17, at 7:30 p.m., highly sought-after cellist Emilio Colon has agreed to perform! When reading reviews of his performances, you'll find words such as "lively," "expressive" and "full of warmth" used to describe his playing. Mr. Colon is also a conductor and composer.

His career has taken him throughout the world. Accompanying Emilio is pianist Derek Han, who has been called "one of the leading American pianists of his generation."

Full biographies of both musicians are hanging in the glass case. Arrive early for the best seats!

Emilio Colon performed to a packed house last time he was here.

Book Group News!

The Book Group will meet on Friday, Feb. 13, at 10 a.m. in the auditorium.

Question of the day: "Is the Group going to the dogs?" Countless authors have written books and stories about dogs. Attend the meeting and hear mini-reviews about unforgettable dogs and share your memories of favorite literary canines.

BANJO'S Anyone?

We're headed to a "real" wild Florida setting on Feb. 12 at 10:15 a.m.! Wear VERY comfortable shoes as we are headed to Snook Haven! They have a free banjo concert and casual food in a casual setting (think picnic tables). If you haven't been to Snook Haven, it's filled with history and it sits on the banks of the Myakka River, so if you get tired of banjo music, take a stroll along the water.

WELLNESS CORNER By Petra Mueller

February will give you the chance to get ready for our upcoming "Walk around Florida."

Participation in Wellness Classes, Lectures and Outings as well as workouts on your own will add up to miles, which we walk around Florida. The walk is starting in our own town, Sarasota and the kick-off date is March 1.

You can record your activities on the back of the calendar in March and then turn it in the end of the month.

During our "Walk," we are having special speakers, outings to places near and far, historical and recent. This will give you a chance to get to know the State of Florida and its history better.

Try a new class during this time or do an extra activity to get extra miles.

The first lecture is on **March 3 at 10:30 a.m. by Jeffrey Lahurd.** He is a well-known Historian in Sarasota and will talk about the landing of the Scot Colony in 1885 through the Real Estate Boom in 1920.

More Great Music!

The Weintraub Duo was rescheduled from November to Thursday, Feb. 12, at 7:30 p.m. These Eastman School graduates always aim to please. Jason, English Horn and Oboe and Nancy, piano, put on an educating and entertaining performance each time they appear. First time performers, Girl & Gurl will take the stage on Thursday, Feb. 19, at 7:30 p.m. Joey MacDonald (Girl) and Brian Gurl (Gurl), have a high-energy, multi-faceted, colorful show for you with familiar tunes and some comedy and drama thrown in for good measure.

Happy Valentine's Day

We'd like to take a moment to wish all of our residents Happy Valentine's Day. We hope your holiday is filled with love and sweet treats! We have a treat for everyone in the dining room tonight. Popular guitarist Alex Peerson will provide romantic music to dine by from 5-6:30 p.m.

B.I.L.L. Series News

Our current DVD series from the Teaching Company is "The American Revolution." This is taught by Professor Allen C. Guelzo. Has there ever been a more unlikely war than the Revolution that won America its independence? Why did thirteen colonies, with nothing resembling a unified and trained army and no Navy to speak of, believe that they could defeat the most powerful nation on the planet?

Join us for this fascinating series and find out! The final class in this series is

April 28.

We are happy to report that we have Tom Callaghan returning on Tuesday, Feb. 10, at 7:30 p.m. to present "ISLAM". Since we are in the midst of the 6-week course on Islam with David Tschantz, it will be interesting to compare the two classes. Please note that we are taking a break from BILL Video Series on Feb. 17 for the cello performance!

The Book Shelf

Yes, "the Boat" was an eight-man racing shell, "the Boat" was nine young men who competed and achieved rowing glory in the early mid-1930's on the University of Washington crew team. Yes, these young men won gold at "Hitler's Olympics: in 1936." "The Boat" was something bigger, greater, more ethereal than anything or any individual on the team.

In this true story of Joe, one member of the team, you will revisit the hardships of the Great Depression, the struggle just to survive growing up in Sequim, Washington. A rowing scholarship would allow Joe to study engineering at the University of Washington, leaving behind a hard scrabble existence.

If you know about the sport of rowing as I, the book will open you to the knowledge as well as drawing you into a suspense-filled tale of nine young men from disparate backgrounds who learn to compete

as one. They finally get "the Swing" in race after race until "the Boat" wins the ultimate challenge in Berlin.

Maybe we will be ready to cheer as Sarasota becomes a world-class rowing venue!

Chef's Corner

Greetings everyone!

Chef Chris here. Another beautiful winter in Florida. This is my family's second and we definitely made the right decision moving here. January's Chef's Table was another success. The next one will be in March, so be on the lookout. My team and I have been working hard to streamline the dinner line in order to serve the entrées faster, and we have succeeded. I hope this is noticed and appreciated, as it is good for everyone, resident and staff alike. We have some exciting chef's specials and theme nights planned and are watching industry trends.

As always, your questions and comments are all taken to heart.

Amazing Race

On Feb. 2, 1925, Siberian husky Balto and his team of sled dogs arrived in Nome, Alaska, delivering 300,000 units of antitoxin serum to save the town from a diphtheria outbreak. Twenty different mushers and their dog teams made the 674-mile journey from Nenana to Nome in temperatures as low as 50 degrees below zero. The trek took five days and seven hours, and has since been referred to as the "Great Race of Mercy." The annual Iditarod Trail Race is run in memory of that original sled dog relay.

Hail to the Chief

Presidents' Day is celebrated on the third Monday in February. Originally established in 1885 in recognition of George Washington's birthday, and later recognizing Abraham Lincoln's birthday, the day is now viewed by many as an opportunity to celebrate all U.S. presidents. Who is your favorite president?

Rev. Dr. Chuck Moffett
"WHAT NOW?"

"Whew! I am so glad that is over for another year!" That expression has echoed through the halls here as people are coming off the "hectics" of the recent holidays of Hanukkah and Christmas. The question I have been asked by many is: "So, Chaplain, what now - what am I to do with my life?" We had filled our days and nights with a tedium of parties, shopping, special events and reunions. If our "holiday" had little sense of "holyday," there can be an emptiness as we return to our routines.

Perhaps this "after holiday" time can be a call for us to find "holyday" moments for times of re-creation and renewal. Perhaps now is the time to focus on the core of our lives – intentionally finding opportunities to reconnect with the holy presence of God in our daily activities.

Hanukkah and Christmas are not over for another year. Each one is a point of beginning: a new commitment to centering our lives on the Holy. Central to both religions is the observance of SHABBAT or SABBATH. Both are intentional commitments for the individual believer to make space for quiet contemplation, prayer, teachings, spiritual renewal. In these moments we are reminded of the Commandment, "Remember the Shabbat/Sabbath day, and keep it holy." A "busy life" is not necessarily a spiritually healthy life. I need that reminder in my life and ministry. I need to remember that "the good life made better" also involves moments to connect to the core of life. These are part of the essence of life at Bay Village ... and needs to be wherever we live.
