NICHOLS' NOTES

Spring has arrived to the Bay Village campus. If I were up north, I would be thinking of flowers soon to be in bloom and the leaves starting to come out on the trees. Here in Florida, the flowers and trees are always looking like spring has sprung!

Have you jumped on to the Bay Village Wi-Fi network yet? Back in February, our high speed across the campus Wi-Fi was turned on when Comcast ran the fiber cable into our building. Now a person can stream movies or jump on the internet from anywhere inside of Bay Village. Turn on the Wi-Fi from your tablet or phone settings and connect to the Bay Village network.

Now that we have Wi-Fi, we are able to install the digital signs throughout the campus. These signs connect to Wi-Fi and will keep you updated about what is happening on the Bay Village campus, let you know what is on the menu for the day, and provide a variety of information to you. Since the beginning of the year, the Resident Services Department has been working with Touchtown, our partner for digital information, in developing the slides that are shown on the digital signs and also the new in-house TV channel on 195. Later this year, we will roll out the resident directory and other items on the Touchtown computer app. Details about these exciting features will be forthcoming in the coming months. Stay tuned!

I wish you and your family a very Happy Spring!

The Village Vibes

Wellness Corner...By Petra Mueller

We will start the month off with a lecture from **Sean Leonard, AP**, about Acupuncture on **April 5th at 4 pm**. Come with your questions about this ancient Chinese technique and learn about the possibilities.

On **April 7th**, you have the choice to walk the **Ringling Bridge and/or St. Armand's Circle** and enjoy a half a day at Lido Key. Trips to the scenic Bird Key Park are always relaxing and enjoyable with nice walking paths and plenty of benches!

We **rescheduled** our trip to Lido Key for "Breakfast On The Beach" for **April 10th**. We couldn't go in March due to unusually chilly weather! ***We are creating a new list, so if you were on the first one, please sign up again.*** Try to make use of the nice weather with outdoor activities, enjoying nature and inhaling fresh air before the heat of the summer hits!

B.I.L.L. Series News

For April, we will continue to show the **Rick Steves Travel Series** and show "**GREAT BRITAIN.**" We'll travel through England, Wales and Scotland for the next five weeks at the usual **B.I.L.L. time: Tuesdays at 7:30 p.m. in the auditorium.**

Our next class from **Adult and Community Education (ACE)**, is "**Amish Studies - Part 2**" with our new Bay Village favorite, **JM Miller**. This class explores Amish life in more depth, focusing on family structures, education, and worship, as well as other events that bring the community together, such as weddings, funerals, and community activities. This is a continuation of the introductory class "Mennonites, Amish, and the Pinecraft Community."

Even if you missed JM's first class, we encourage you to attend this one as we feel you will still take away lots of new knowledge!

The class meets on **Wednesdays**,

beginning April 4th, at 10:00 a.m. in the auditorium for four weeks.

We'll plan another luncheon outing to Der Dutchman as everyone really had a great time!

The Village Dessert Bistro

If you aren't aware, one of our Bay Village hairstylists also sings! **Holly Rae will be performing for us "night club-style" on Thursday, April 26th, at 7:30 p.m.**

Join us for dessert, coffee and champagne and an evening of songs you know and love! Visit Holly's website to hear some song samples at www.hollyraesongs.webs.com!

Veterans History Project

VETERANS: we signed you up for the Library of Congress's "Veteran's History Project." They are videotaping veterans of all wars. We think this is a great project for us to be a part of! Further details will be on the flier you receive in your mailbox. Our first interview date is Friday, April 20th, and it will take place in the Card Room.

Welcome, Sarasota Musica Viva - Save the Date!

Join these accomplished musicians, Linda Bento-Rei, flute, Ann Alton, cello and Michael Cloutier, violin for an evening of melodious favorites. You may recognize Ann and Linda's names as they have performed at Bay Village before but never at the same time! Linda Bento-Rei is the Principal flute for the Venice Symphony and holds a master's degree from New England Conservatory.

Ann Alton did her undergraduate work at Julliard on a full scholarship and holds a doctoral degree from the Manhattan School of Music. She is the Principal cellist for the Charlotte Symphony.

Michael Cloutier is the Principal violinist for the Venice Symphony and did his undergraduate work at Berklee.

This trio is scheduled to perform on Thursday, April 19th, at 7:30 p.m.

BOOK GROUP NEWS!

On Friday, April 13th, the Book Group will meet at 10:00 a.m. in our auditorium with one of our favorite presenters, Ehsan Shah. His book choice is "Endurance" by astronaut Scott Kelley, who holds the record spending 340 days aboard the Space Station. Kelley who was a blue-collar Jersey kid, son of an alcoholic cop and his resilient mother, received no encouragement from his parents and was on the road to being a total loser until he read Tom Wolf's book, "The Right Stuff." Scott describes himself as a self-possessed risk junkie. Along the way, his twin brother Mark, tried to set him on the right roads. However, his time as an Emergency Medical service provider, pilot and test pilot led to his final destination as an astronaut. Kelley's account of his life is insightful, at times humorous, heart tugging and always inspiring. Save the date.

CHAPLAIN'S CORNER

Rev. Dr. Chuck Moffett

Ram Dass, American spiritual teacher and author, brings refreshing new insights to current world events. I offer a recent quote:

"When you go out into the woods and you look at trees, you see all these different trees.

And some of them are bent, and some of them are straight, and some of them are evergreens, and some of them are whatever.

And you look at the tree and you allow it. You see why it is the way it is. You sort of understand that it didn't get enough light, and so it turned that way. And you don't get all emotional about it. You just allow it. You appreciate the tree.

The minute you get near humans, you lose all that.

And you are constantly saying, 'You're too this, or I'm too this!' That judging mind comes in.

And so I practice turning people into trees. Which means appreciating them just the way they are."

How marvelous and beautiful our world would be if we and politicians around the world (including the USA) would practice turning people into trees - to see each other as grand varieties of God's creation - to appreciate each other just the way they are.

Now that would be novel idea which could transform all the bigotry, hatred, and violence which is destroying all cultures.

We might even help bring about God's Peaceable Kingdom.
