### NICHOLS' NOTES

When I was interviewed for the CEO position at Bay Village, a question came up from the Board of Directors' search committee. What was my experience with memory care and having a dedicated area for these services? Also, my first meeting with the Resident Executive Council had as the top agenda item for them - Memory Care.

Bay Village offers services and care for just about everyone except one important care category - that of memory care. Providing memory care services is an important delivery unit for any Life Plan community.

Bay Village is landlocked and does not have the space to build a memory care unit. Fortunately, driving to work one day, I noticed three properties for sale just south of the campus on Vamo Road. All three properties were under the same ownership. The Board of Directors approved the purchase of the properties and Bay Village was able to secure these properties in mid-May. The next step is to demolish the buildings on the three lots and secure the lots with a chain link fence.

After that, we'll include the following: conceptual design of the memory care unit, architectural and engineering design development from the conceptual design, obtaining permits for the project, and selection of a construction company. All of this will take well over a year to complete.

Every project has its first steps. Bay Village has taken its first step toward providing memory care services to our residents with the purchase of these properties.

There is also a kitchen tour this month on Tuesday, June 12th, at 2:30 p.m. If you would like to join in, call Denis at ext. 2112. Meet in the Carousel Room. If you have never taken a tour, we encourage you to do so!

### Broadway's Best

The stage is set to honor the season's best Broadway productions. The 72nd annual Tony Awards will be broadcast live from New York City's historic Radio City Music Hall on June 10.

### THE ROYZ DUO RETURNS

Heather Roy has a unique **five octave** vocal range and sings in a dizzying array of styles and genres. She sweeps from sultry jazz to crystal clear opera and Celtic, then puts on her powerhouse vocals for R&B, rock and all styles of dance music. She is also a dynamic percussionist – playing congas, bongos and a full stand-up percussion kit to give The Royz duo a unique sound.

Heather began her musical career at the age of 14 with regular performances on CBC TV in Montreal, Canada.

André Roy is one of a handful of 7-string guitarists – and a versatile vocalist.

Originally from Montréal, Canada André began performing and touring with recording artists while still in his early teens. He majored in music in Montreal before being awarded a prestigious Canada Council grant to further his music study at the renowned Berklee College Of Music in Boston.

**Join us on Thursday, June 21st, at 7:30 p.m. as the Royz Duo treats us to another fantastic evening of music!**

### WELCOME GLADIUS

A fabulous performer and award-winning composer, listeners have called **Gladius** a miracle in the making!

Inspired by the great composers, Spanish guitar maestros, and much more, this musical mad scientist fuses the elements into a refreshing formula—evoking the Spanish spirit, yet distinctly unorthodox, mixing influences ranging from classical to rock. In an era when expertise and originality are often overlooked in lieu of fleeting flash and flare, Gladius defines innovation as a composer and mastery as an instrumentalist—perpetually pushing the boundaries.

Just a few short years ago, however, it appeared the guitarist's career might have been finished before it ever started. A mysterious medical condition manifested its symptoms literally overnight. In 2005, while studying guitar at Georgia State University, the aspiring virtuoso suddenly suffered from a rather crippling case of nerve damage, greatly hindering the sensation and dexterity of both hands...

***13 years, 4 surgeries, 10,000 hours of physical therapy, and countless prayers since neuropathy first plagued both wrists and elbows, Gladius persevered!***

**Join us as we welcome this incredible young man to the Bay Village stage for the first time on Thursday, June 7th, at 7:30 p.m.!**

**[www.gladiusmusic.com](http://www.gladiusmusic.com) to listen!**

### B.I.L.L. Series News

In June at 7:30 p.m. in the auditorium we continue our series from The Teaching Company, "The American Wild West: History, Myth and Legacy," the brutal conflict of cowboys and Indians. Dusty, dangerous outposts policed by vigilante justice. The six-shooter showdown at high noon. Daring railroad heists and arduous cattle drives. These and other scenes from countless Western films have so shaped our conception of the American West that it's impossible to separate myth from reality. But how wild was the West? Was it really ever "won"? We are getting HUGE crowds for this topic, so we are glad you are enjoying!!

The course is taught by Professor Patrick Allitt, PhD, from Emory University.

We have two educational presentations from Adult & Community Enrichment. Our final "How Novel" book group meeting

with Alice Blueglass is on June 5th at 10:00 a.m. in the board room.

Beginning on Wednesday, June 13th, from 10:00 a.m.-11:30 a.m. for six weeks, we have a new instructor for you, James Johnson, who will teach **"Similarities and Differences Between Protestantism and Catholicism."** James Johnson began education for the Roman Catholic priesthood and eventually found his true vocation in teaching. He has fifteen years of experience in teaching religion at the college level and taught a variety of courses in religion at Pierian Spring Academy for seven years. He holds a B.A. in Philosophy and a S.T.B. (Master of Divinity) from the Pontifical University of St. Thomas Aquinas in Rome.

## "Village Vibes"

### BOOK GROUP NEWS- Resumes in SEPTEMBER!

Happy summer reading, everyone!

#### PINOCHLE ANYONE?

For those of you who might want to get together for a game of pinochle, let resident services know (ext. 4005 or stop by)! One of our residents would love to get a pinochle group together!

#### SAVOR SARASOTA!

The first two weeks in June is "Savor Sarasota," an annual event that our finest local restaurants offer a special "prix-fixe" menu. You don't have to order off the special menu, so we put both in the activity book. At just \$16 for lunch and \$32 for dinner, this makes for a great opportunity to try a restaurant you've never been to! We're going to some "tried-and-true" Bay Village favorites as well and some we haven't dined at as a group. Bon Appetit!

### COMEDY CABARET

Join us on Thursday, June 14th, at 7:30 p.m. for an evening of fun with Chucko!

Originally from Philadelphia, Chuck Sidlow began developing his distinctive talents at Atlantic City's famous "Steel Pier". He further honed his skills as a student at Clown College, where he was among the select few to receive a performance contract with Ringling Bros. and Barnum & Bailey Circus. His affiliation with Ringling Bros and Barnum & Bailey as a performer, manager, advance promotional ambassador and teacher at the Clown College took him around the continental United States, Canada, Mexico and to Japan, where he performed, among other things, an aerial comedy routine 50 feet above the arena floor. While in Japan, Chuck also served as an advance public relations ambassador and classic image of the "American-style live cartoon circus clown".

This "All American" image soon

caught the attention of one of the largest companies in Japan. They recruited him and Chucko remained there for 10 years and met pianist Noriko. They married and returned to the United States.

Among CHUCKO's most notable accomplishments is the development of a social outreach program called "Laughter Unlimited". with Circus Sarasota.

### RAINBOWS AND SHOWERS SHOWERS for THOSE WHO DON'T

RECYCLE! The list of what you should and not put in your bins is on page 3.

RAINBOWS for Kate Holmes!! Her Bertha Palmer impersonation was absolutely educating and fascinating! SO many things the audience didn't know!

RAINBOWS for "Orchestra in The Outfield"! We put "it's about the most fun one can have in Sarasota" on the mailbox flier and our group agreed!

### Wellness Corner...By Petra Mueller

We have some great outings planned this month, so I hope you will join us! We are headed to Nokomis Beach again on Wednesday, June 20th. The bus departs at 10:45, and we are having an early lunch at Cafe Evergreen!

We're also heading for a tour of the rowing facility and tower at Benderson Park. You will also have an opportunity for shopping and dinner at UTC Mall. We will see you at 3:00 p.m. for that trip on Thursday, June 21st.

We are in the beginning stages of planning our next Wellness Contest! Remember "Walk Across Florida" in 2015? This summer we are starting "Sail Around The Caribbean!" You will receive further information as our August kickoff date gets closer, but we plan to "sail" to Mexico, Jamaica and Cuba. For those of you who aren't familiar, our wellness "contests" incorporate the 7 dimensions of wellness: physical, emotional, intellectual, environmental, spiritual, social & occupational.

### **CHAPLAIN'S CORNER**

*Rev. Dr. Chuck Moffett*

The speed of technological developments leaves me breathless. A few days ago I was awestruck when I learned of EnChroma glasses. These scientifically designed eyeglasses are for persons who suffer from color blindness. Over a year ago I remember the stunning brilliance of colors, which I enjoyed after my cataract surgery. In this case, tears came to my eyes as I watched videos of people of all ages suddenly being able to see the vibrancy and variety of colors which before they never had been able to see. Their monochromatic world suddenly came alive in a kaleidoscope of hues, adding beauty to their lives. Each color had its own dramatic role in creating a collage of depth, meaning, definition, creativity, charm, and elegance.

My soul quickly jumped to wishing someone could develop "EnChroma" eyeglasses to help all of us see, admire, appreciate, honor, and respect the variety of "colors" which make up the human race - each one the gift of God. The conflict, violence, divisiveness, and destruction rampant in our world would be cured if we would see and value the beauty of God's colorful creation of all people. Oh, if only we could see that there is no one "color" of persons who is superior to another. Oh, if only we could possess that kind of "color blindness!"

Truth is: God has given us these "EnChroma" eyeglasses. All we need to do is to accept and live in God's unconditional love of ALL people.
